

Smart and Adaptable.

We simplified the art of online education to simplify your life.

Training Center

Getting and keeping your workforce trained and certified can seem like a constant struggle. Or anyway, it was. Healthicity offers an integrated, online Learning Management System (LMS) platform that allows for training anywhere, on any type of device.

Benefits

UNIFIED LEARNING

All-in-one platform designed to integrate with our solutions and your educational resources. All in one place.

CUSTOMIZED PLATFORM

Personalized just for you and your organization. Tailor the user interface, reporting and training to align with your organization.

SIMPLE TO USE

Intuitive user interface is simple to use and just as easy to implement. Never has adoption and motivation been so effortless.

UNPARALLELED EDUCATION

Trusted content created by trusted sources. Your employees can learn from the best by leveraging content created by AAPC experts.

Features

COMPREHENSIVE TRAINING

Access a complete library of AAPC-certified training. You'll never lack for training from anywhere, ever again.

INSIGHTFUL REPORTING

Track the progress of your employees. In-depth reporting allows administrators to drill down into employees and courses.

SMART PLATFORM

Get custom course recommendations relevant to your needs. We're continuously curating and updating our library, so you don't have to.

CUSTOMIZED PORTAL

Leverage enrollment, reporting and purchasing capabilities. Meet the needs of your organization, then exceed them.

ADMINISTRATIVE CONTROL

Manage your courses, employees and their tasks. With broad administrative tools, you can track what matters most: your success.

SCALABLE LEARNING

Facilitate online, blended and personal courses. No matter the course, you can monitor each employees progress.

VARIETY OF COURSES

Choose between comprehensive libraries of individual or subscription-based courses. Flexible learning, unique to your needs.

PERSONALIZED COURSES

Upload your existing courses, or any course you create in-house. Let our Training Center be the center of your training program.
